Indian River Assisted Living provides residential and assisted living care for 110 residents. Care is provided for adults who need extra help in their day-to-day lives but do not require 24-hour care. Services are available for adults who require assistance with at least two activities of daily living. Non-ambulatory residents are accepted. Although many residents are older adults, the facility also has some younger men and women who require assistance in daily living. Please call for more information.
