English

Volunteer Opportunities to serve inner-city youth ages 6-16, giving them the opportunity they would not otherwise have. Volunteers help them gain mountain camp experience and learning life skills that will serve them in their environments. Camp runs for 8 weeks in the summer.

This is an academic confidence-building camp. The primary focus is on strengthening the academic development of our campers. We use the great outdoors to develop an interest in Reading, Science, Nature Studies, Language Arts and Computer Science. Instruction and opportunities to explore Career Focus and College Preparation are also provided.

[Visit the website](#) to find out about other academic and outdoor adventure programs available at Apple Ridge Farm.

The camp is fully handicapped accessible.
