English

The Caregivers' Support Group, started in 2002, is for caregivers of adult family members. Most of the care receivers have dementia, but that condition is not a requirement. Some are cared for at home, some in local assisted living facilities, and some are out of state. Meetings are gently facilitated and encourage sharing of feelings, problems, helpful information, and bright spots.

The Caregivers' Support Group offers two sessions a month, on the 1st and 3rd Tuesday of every month from 10:00 am-11:30 am via Zoom. For more information, contact Jack Tarr, 703-821-6838, jtarr5@verizon.net; or Lynn Rafferty, 703-508-1365, radmom8992@gmail.com.

Join us to share ideas and resources. This is an opportunity to reach out to others and to receive support from those who have traveled the road of care giving.
