The Hermitage in Richmond's McGuire Park is the community for Memory Care for those individuals who have Alzheimer's disease or other forms of memory impairment. McGuire Park houses more active residents with a dementia-related illness.

Staff is trained in dementia care and offers compassionate attention and specialized programming designed to engage residents at every level of ability.

Two levels of care are available. McGuire Park is for more active residents with dementia-related illnesses. Snyder Park is for residents who require a higher level of personal and nursing care.
