The Emergency Home and Accessibility Repair Program (EHARP) provides funds to remove urgent, emergency health and safety hazards, and it also addresses physical accessibility barriers for low-income Virginians. Assistance is available to occupants from local nonprofit organizations based on income. Eligible repairs can include plumbing, structural, electrical, roofing, wheelchair ramps, and handicapped-accessible appliances. The program is at no cost to the client.

[Click here](#) to find your local provider that can assist you.

To apply for assistance, go to the Contact List on the website to find and contact the agency that provides services in your locality. They will provide you with eligibility requirements and information on how to apply.
