Volunteers for Christ find out about needs through churches and civic agencies throughout the county. They evaluate the need, and if possible, they put the families and individuals in need with financial resources and volunteers who can help. If they don't have any resources, Volunteers for Christ will try to connect them with a resource that may help. Portable and temporary use ramps can be installed quickly and removed easily and moved to another home.

Volunteers for Christ operate from contributions and donations from churches, organizations, and individuals and volunteers who wish to help others in need.
