Tendercare of Virginia (Tendercare Transport) offers ambulatory transport, wheelchair transport, and stretcher transport.

Drivers will accompany patients to appointments, check-in at reception, and can have someone there to pick the patient up as soon as they are finished. They will not be left for hours waiting for a return ride. The patient will not just be dropped at the entrance of their nursing or assisted living home; the driver will check them back in with the proper wing head nurse and accompany them to their room.

Tendercare Transport has performed transports all over the country, both by wheelchair and by stretcher. No distance is too far or out of range for our capabilities.

Transportation should be scheduled as early as possible.

Service Area(s)

Nationwide
