AMS Transportation Services LLC provides a non-medical private duty home health care program. The in-home care focuses on helping with daily activities to encourage a safe and healthy life. Call to figure out the best plan for your loved one and to set up a non-medical licensed professional caregiver. Their unique custom care plan is customized to match up the perfect caregiver to be with your loved one.

They also offers a house call program, geared to make life less stressful. Since appointments always require scheduling and a caregiver to take off work or schedule around, this program allows all of that to not exist. The client may call their professional team who will send a physician to the clients home to provide any primary care or follow up assessment. Please call for more information on this service.
