Shelting Arms Institute is a state-of-the-science, 114-bed, rehabilitation hospital that blends advanced technology, research, and evidence-based clinical care to create superior outcomes for patients.

Features include:

- 212,063 total square feet,
- All private patient rooms,
- Traumatic brain injury, spinal cord injury, complex care, stroke, and general rehabilitation units,
- 9,251 sq. ft. main therapy gym and three satellite gyms,
- Research, conference, and outdoor space,
- Physician, psychology, and nursing services,
- Physical, occupational, and speech therapy,
- Therapeutic recreation,
- Cutting-edge patient care technology and rehabilitation equipment,
- Chapel and dining room,
- Designated visitor areas.

Shelting Arms Institute provides treatment for adults diagnosed with a broad range of neurological disorders including Parkinson's disease, muscular dystrophy, stroke, traumatic brain injury, vestibular dysfunction, spinal cord injury, and cerebral palsy.

Specialists from multiple disciplines including physiatrists, psychologists, and physical, occupational, and speech therapists will evaluate a patient's condition with attention to strength, flexibility, muscle tone, movement patterns, balance, and functional mobility. The team identifies opportunities for improvement and develops a specific treatment plan to reach the patient's goals.
