Synergy Homecare of Leesburg provides non medical homecare services. Services include, but are not limited to companion care, personal care, respite care, homemaking, and child care. You may be caring for your aging parent as a member of the newly defined "Sandwich Generation" and someone is needed to be with them while you run errands or taking care of your own personal needs. Services provided are versatile, flexible, and customized for your comfort, peace of mind, and well-being.

Companion services can include conversation, reading, reminiscing about experiences, planning social activities, encourage active thinking, running errands, light housekeeping, meal preparation and more. Memory care and new mom care are available as well as senior care.

Services can be as little as a few hours per month to 24 hour care. No contracts or minimum number of hours are required. If an emergency arises and if you need care the same day, call 24-7 for help.

Service Area(s)

Fauquier County

,

Loudoun County
