Loudoun Volunteer Caregivers (LVC) offers Assisted Transportation for frail older adults and adults with disabilities who because of physical limitations are not able to use public transportation services. LVC volunteers provide transportation for needs such as medical appointments, cancer treatments, physical therapy, chiropractic care, hydrotherapy, speech therapy, and prescription pick up.

Loudoun Volunteer Caregivers is focused on serving those who have no other options for services or limited other options. Consequently, they encourage older adults and people with disabilities who are eligible for other transportation services to use those services.

Service Area(s)

Loudoun County
