Abingdon Ambulance Service provides accessible emergency and non-emergency transportation. Medical transportation services include basic life support, advanced

life support, critical care, and wheelchair transport.

Transportation can be provided for non-emergency medical care to the doctor's office, for dialysis, hospital transfers (in and out of the region), and more.

The Abingdon Ambulance Service Disaster Assistance Response Team (DART) is ready to respond to any man-made or natural disaster within the United States.

Service Area(s)

Abingdon City

,

Washington County
